A word from the Venerable Master

Dear Brethren

My sincere gratitude for your recommendation. Your trust has revealed to me my responsibility, as well as the place in which I shall invest my effort and passion. Following the steps of P.M. Charles Teng and the guide of M.W. Norman Pin, we will continue to make Scottish Rite flourish in fervent, zeal, and harmony.

Under the pandemic of Covid-19, many of our fraternal events were suspended. Yet such inconvenience eventually became the testimony of our relationship, it to be established upon the principal tenets, proving the brethren to be truly bounded. During my term of service, I will advocate the Rite Care Scottish Rite Childhood Language Program to the Southeast Asia, to provide diagnostic evaluation and treatment of speech and language disorders, as well as learning disabilities. I hereby urge all brothers to join me, and to promote the prosperity of our ancient and honorable society.

At last and again, my earnest appreciation for your support, my cordial wish for the well-being of Scottish Rite, all the brethren, and our families. May brotherly love prevail, and we joint in a happy new year.

Fraternally,

Peter Chang
Venerable Master

A December Fall Reunion

The virus Covid29 disturbed dramatically our Scottish Rite life in 2020. Our Spring Reunion in Kuala Lumpur had been cancelled, and facing no improvement of the situation, for September, we finally took the decision

of holding a Reunion in December. Unfortunately we were not able to receive our foreign brothers.
We had a chance to initiate seven new Masters of the Royal Secret.

The old

and the new.

The important attendance allowed to proceed with the election of the Officers for the years to come.
 The Reunion was concluded by a Fellowship banquet at the well named Brother Hotel. A diploma was also presented to the retiring Officers: Venerable Charles Teng, Wise Master Paulo Wu, Commander Pi-Song Tsai and our old timer Treasurer Ill. Johnny Li.
